◆ DRY EYE

◆ CATARACT

◆ GLAUCOMA

- VISIONFIT® is a patented nutritional formulation that contained 4 eye protection ingredients in 1 tablet : *Cordyceps cicadae* extract, patented hyaluronic acid, lutein and anthocyanins.
- Clinically tested and has been proven to be effective from the inside out to support pet eye diseases treatment such as dry eye, glaucoma and cataracts.
- Scientifically proven that hyaluronic acid can be transferred to eyeball after oral administration within 8 hours.

VISIONFIT® 4 KEY INGREDIENTS TO PROTECT YOUR PET'S EYE

CORDYCEPS CICADAЕ EXTRACT

Protects cornea, increases tear fluid, increases lens transmittance, lower intraocular pressure.

PATENT HYALURONIC ACID

Relives dry eye syndrome, increases tears and lubricates eye.

CALENDULA EXTRACT (lutein/zeaxanthin)

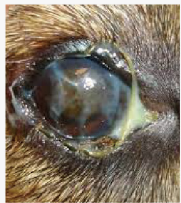

Absorbs free radicals, anti-oxidants, and reduces degeneration of the retina.

BLACKCURRANT EXTRACT (anthocyanins)

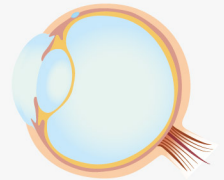

Protects eye microvessels, strengthens antioxidant properties, increases blood flow in eye vessels, and strengthens eye metabolism.

APPLICABLE PET EYE DISEASES

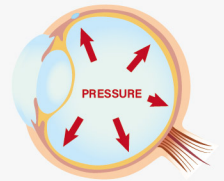

DRY EYE (KERATOCONJUNCTIVAL SICCA, KCS)

Dry eye syndrome in dogs involves decreased or inadequate tear production. Symptoms of dry eye syndrome in dogs are frequent eye infections, thick and sticky discharges, dull eyes with a lack of shine, red, inflamed, irritated, and painful eyes.

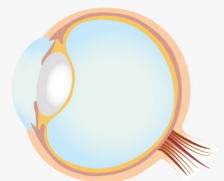

GLAUCOMA

Glaucoma occurs when an imbalance in production and drainage of fluid in the eye (aqueous humor) causes a buildup of fluid that increases eye pressure to unhealthy levels. The increased intraocular pressure eventually causes glaucoma.

CATARACT

A medical condition in which the lens of the eye becomes progressively opaque is called cataract. With cataracts disease, the lenses are opaque, which effectively blocks light from reaching the retina. This result in a loss of eyesight that can range from mild vision problems to blindness.

VISIONFIT®

Ingredient : Each tablet contains
 Cordyceps cicadae extract 148.5mg
 Hyabest® Hyaluronic acid 45mg
 Calendula extract (lutein 3mg; zeaxanthin 0.6mg)
 Black currant extract 40mg (anthocyanidin 10mg)

Direction for use :
 Direct feed or mix into feed.

Pet weight	<5kg	5 - 15kg	15 - 25kg	>25kg
Dosage (per day)	0.5	1	1.5	2

10 tablets × 8 (80 tablets/box)
